C., in duplicate, not later than one year after the termination of the present war, a verified statement disclosing (a) the name, address and nationality of each person who acquired an interest in the securities at the time of their purchase; (b) the name, address and nationality of each person having an interest in the securities as of any date or dates (hereafter prescribed) subsequent to the deposit of such securities in, and prior to their withdrawal from the account; and (c) if the information submitted with respect to (a) and (b) discloses that there has been any change in any interest in such securities, the name, address and nationality of each transferee of any such interest, the date of each such transfer, and the license under the Order, if any, pursuant to which it is claimed that each such transfer was effected.

(4) *Recording and reporting of information and the effectuation of transactions under paragraph (2) hereof.* (a) When any sale of securities or the receipt of any dividends, interest or other income to which this ruling is applicable has been effected, the proceeds may be credited to any account authorized by license: *Provided, That, if such account is not maintained in the name or names of the beneficial owner or owners of the securities, a memorandum record is kept of the amount so credited and of the name, address and nationality of each such beneficial owner.* In the case of the receipt of dividends, interest or other income on securities, a memorandum record shall also be kept with

respect to such securities in the manner prescribed in paragraph (4) (b) hereof.

(b) When any purchase of securities to which this ruling is applicable has been effected, the securities may be deposited in any account authorized by license: *Provided*, That, if such account is not maintained in the name or names of the beneficial owner or owners of the securities, a memorandum record is kept of the securities so deposited and of the name, address and nationality of each such beneficial owner.

(c) Any information specified in paragraph (2) (a) hereof required to be reported on Form TFR-300 by the person holding the securities, but which has not heretofore been so reported, shall be reported on Form TFR-300, as provided in §130.4 of the Regulations and Public Circular No. 4, not later than thirty days after a sale of the securities or the receipt of dividends, interest or other income thereon effected under paragraph (2) hereof. All information specified in paragraph (2) of this ruling with respect to securities in an account maintained in the name of a bank or other financial institution which is located in a blocked country, and which is not licensed as a generally licensed national, not otherwise required to be reported on Form TFR-300, shall be reported by the person with whom such account is maintained on Form TFR-300, Series I, in the manner provided in Public Circular No. 4C, as of the date of the receipt of such securities in such account. Every such report on Form TFR-300, Series I, shall be filed within thirty days after a purchase or sale of the securities or the receipt of dividends, interest or other income thereon effected under paragraph (2) hereof, whichever occurs first, and shall state that it is made in accordance with General Ruling No. 17.

(5) *Effectuation and recording of certified transactions.* When any purchase or sale of securities or the receipt of any dividends, interest or other income thereon to which this ruling would otherwise be applicable has been effected pursuant to the certification specified in paragraph (3) hereof, the proceeds of the securities sold, or the dividends, interest or other income received may be credited to, or the securities purchased may be deposited in, any account authorized by license: *Provided, however*, That a memorandum record is kept of the transaction and that it was effected pursuant to certification under paragraph (3) of this ruling. Each such memorandum record shall bear the name of the bank or other financial institution making the certification, and the number of such certification.

(6) *Form of certification and continuing effect of certain certifications.* (a) No form is prescribed for the certification specified in paragraph (3) hereof, but the certifications of each bank or other financial institution shall be numbered consecutively and every statement submitted to the Treasury Department in accordance with paragraph (3) (a) (ii) and (3) (b) (ii) hereof shall refer to the number of the certification pursuant to which the transaction was effected. The certification specified in paragraph (3) hereof may be made by a cable or wireless message which clearly identifies the transaction, and states, in code or otherwise, that the sender makes the certification specified in paragraph (3) of General Ruling No. 17.

(b) A certification made under paragraph (3) (a) hereof with respect to the receipt of dividends, interest or other income on securities will, unless the bank or other financial institution making the certification expressly stipulates otherwise, be deemed to be a continuing certification applicable to

the further receipt of dividends, interest or other income on the same securities, and the phrase "the date when the transaction was effected" in clause (b) of paragraph (3) (a) (ii) hereof shall be deemed, in the case of such certification, to mean the date of each receipt of dividends, interest or other income on such securities effected under such certification.

(7) *Proceeds of sales and income from securities to be deposited in General Ruling No. 6 accounts.* All proceeds of sales of securities and all dividends, interest or other income received on securities held in any account maintained in the name of any bank or other financial institution which is located in a blocked country, and not licensed as a generally licensed national, shall be deposited in a General Ruling No. 6 account in the name of such bank or other financial institution, unless:

(a) The person with whom the account is maintained is in possession of the information specified in paragraph (2) (a) hereof with respect to such securities; or

(b) The bank or other financial institution in whose name the account is maintained has made the certification specified in paragraph (3) (a) hereof with respect to such securities; or

(c) The sale of such securities or the receipt of such dividends, interest, or other income was effected under General Licenses Nos. 49, 50, 52, or 70.

(8) *Savings provision.* None of the provisions of this General Ruling shall be applicable (a) to purchases or sales of securities effected within thirty calendar days after the date hereof pursuant to orders to buy or to sell specific securities: *Provided, however*, That such orders are outstanding on the date hereof; or (b) to the receipt of dividends, interest or other income on securities within thirty calendar days after the date hereof.

(9) *Dollar accounts maintained with a bank or other financial institution which is a national of a blocked country.* The Secretary of the Treasury may, in his discretion, as a condition to the exercise of the privileges of a license issued, or the issuance of a license, under the Order, or otherwise, require a verified statement from any bank or other financial institution which is a national of a blocked country and maintains a dollar or securities account with a person within the United States, disclosing the names, nationalities and such other information as may be prescribed, concerning any or all persons who have maintained dollar accounts with such bank or other financial institutions since the effective date of the Order with respect to such persons.

(10) *Definitions.* For the purposes of this General Ruling:

(a) The term "bank or other financial institution" shall include every person engaged in the business of (i) banking, (ii) insurance, (iii) buying, selling or otherwise dealing in securities, or (iv) managing, operating, conducting or otherwise holding securities or securities accounts for others;

(b) The term "dividends, interest or other income on securities" shall include payments of principal and payments on account of the retirement or redemption of securities; and

(c) The term "nationality" shall mean the names of all countries of which a person is a national within the meaning of the order.

PART 1382—HARDWOOD LUMBER

[MPR 155,² Amdt. 9]

CENTRAL HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 155 is amended in the following respects:

1. Section 1382.61 (c) is amended to read as follows:

(c) *Deduction for green.* For lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10 percent of the maximum price for rough, air-dried material in the same specifications.

This deduction shall not apply to special sawn timbers, Tough Ash lumber, or to lumber customarily used without air seasoning, but it shall apply to any lumber which requires further air seasoning by the purchaser before being placed in the kiln for kiln-drying, or before fabrication if not kiln-dried.

The mere fact that the lumber is not used immediately, but is stored on the purchaser's yard, does not necessarily mean that green lumber has been shipped, but in case of dispute any lumber which weighs 25% or more in excess of the air-dried weight as published in the Rules for the Measurement and Inspection of Hardwood Lumber, issued by the National Hardwood Lumber Association, January 1, 1943, or for weights filed with the Office of Price Administration

by the individual shippers, shall be considered to be "green".

Any purchaser who accepts "green" lumber at prices applicable to "dry" lumber is guilty of violation of the regulation to the same extent as the seller.

2. In § 1382.64 (b) sub-paragraphs (1) through (4), (7) through (18), and (20) through (31) are amended to read as follows:

3. In § 1382.64, paragraphs (d) and (e) are redesignated (e) and (f) respectively; and paragraph (c) is redesignated (d) and amended, and a new paragraph (c) is added, both to read as set forth below:

(c) Maximum prices for dunnage. (1) The maximum rail-delivered price for 1,000 feet of dunnage lumber shall be as follows:

Delivered at:	Maximum delivered price
Baltimore, Md.	\$32.00
Beaumont, Tex.	22.00
Boston, Mass.	36.00
Charleston, S. C.	23.00
Corpus Christi, Tex.	23.00
Galveston, Tex.	23.00
Gulfport, Miss.	22.00
Houston, Tex.	23.00
Jacksonville, Fla.	23.00
Lake Charles, La.	22.00
Mobile, Ala.	22.00
Morgan City, La.	22.00
Newark, N. J.	34.00
New Orleans, La.	22.00
New York, N. Y.	34.00
Pensacola, Fla.	23.00
Philadelphia, Pa.	33.00
Port Arthur, Tex.	23.00
Portsmouth, Va.	26.00
Savannah, Ga.	23.00
Tampa, Fla.	26.00

(2) The maximum price for dunnage delivered at the above ports by water shall be the rail-delivered price as above set forth less the difference between the rail transportation charge from the point of shipment to the particular port, computed by multiplying the applicable rail rate by the weight of the lumber based on 3500 pounds per M³BM, and the actual water transportation charge from the point of shipment to the particular port.

(3) The term "dunnage" as used above means lumber of any hardwood species, of standard widths and lengths, but poorer in quality than the lowest stand-

ard grade in the particular species.
(d) Deduction for green. For lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10 percent of the maximum price for

rough, air-dried material in the same specifications.

This deduction shall not apply to special sawn timbers, Tough Ash lumber, or to lumber customarily used without air seasoning, but it shall apply to any lumber which requires further air seasoning by the purchaser before being placed in the kiln for kiln-drying, or before fabrication if not kiln-dried.

The mere fact that the lumber is not used immediately, but is stored on the purchaser's yard, does not necessarily mean that green lumber has been shipped, but in case of dispute any lumber which weighs 25% or more in excess of the air-dried weight as published in the Rules for the Measurement and Inspection of Hardwood Lumber, issued by the National Hardwood Lumber Association January 1, 1943, or for weights filed with the Office of Price Administration by the individual shippers, shall be considered to be "green."

Any purchaser who accepts "green" lumber at prices applicable to "dry" lumber is guilty of violation of the regulation to the same extent as the seller.

This amendment shall become effective October 20, 1943.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[R.O. 13, Amdt. 72]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 13 is amended in the following respects:

1. Section 1.1 (b) is amended by adding the following sentence at the end thereof:

... Frozen processed foods which thaw out do not thereby cease to be processed foods.

2. Section 3.1 (a) (1) (ii) is amended to read as follows:

(ii) If he subjects fruits, vegetables, or fruit or vegetable juices to a freezing operation as a result of which they become "frozen" food. (NOTE: When unfrozen fruits or vegetables or juices are placed in a locker plant, cold storage warehouse, or other freezing facility, and thus subjected to the freezing process, the place where the foods are frozen is the processor establishment of the person who subjected them to the process, whether or not he is the person who operates the locker plant, warehouse or other freezing facility. In other words, the determining factor is who subjects the foods to the freezing process and not who maintains the process, or who owns the foods.) (However, a person who subjects foods to freezing under the conditions described in section 26.4A of this order is not a processor with respect to those foods.)

3. Section 21.1 (a) (12) (i) (b) is amended to read as follows:

(b) If he subjects fruits, vegetables, or fruit or vegetable juices to a freezing operation as a result of which they be-

come "frozen" food. (NOTE: When unfrozen fruits or vegetables or juices are placed in a locker plant, cold storage warehouse, or other freezing facility, and thus subjected to the freezing process, the place where the foods are frozen is the processor establishment of the person who subjected them to the process, whether or not he is the person who operates the locker plant, warehouse or other freezing facility. In other words, the determining factor is who subjects the foods to the freezing process and not who maintains the process, or who owns the foods.) (However, a person who subjects foods to freezing under the conditions described in section 26.4A of this order is not a processor with respect to those foods.)

4. Section 21.1 (a) (23) is added to read as follows:

(23) "Frozen fruit or vegetable" means any fruit or vegetable in which ice crystals have been produced within the body of the fruit or vegetable itself by a process customarily used for that purpose, or by a process intended to produce that result.

5. Section 21.1 (a) (24) is added to read as follows:

(24) "Frozen fruit or vegetable juice" means any fruit or vegetable juice in which some of the liquid has been turned into ice crystals by a process customarily used for that purpose, or by a process intended to produce that result.

6. Section 26.4a is added to read as follows:

Sec. 26.4a *Frozen processed foods produced primarily for home consumption may be consumed point-free.* (a) A person who produces frozen foods in a place other than a kitchen may consume what he produces and may let the members of his family unit and others who eat at his table or on a farm he operates consume them without giving up points only if he produces them primarily for consumption in his household or on a farm he operates, from fruits or vegetables which he or members of his family unit have grown. In such case, he and the members of his family unit may give (but not sell) such foods to any other person without receiving points, but no more than 50 quarts or 100 pounds of such foods per member may be given away point-free by the family unit in any calendar year. He may not sell or transfer any such foods (except for these permitted gifts) unless he gets points equal to the point value of the foods so transferred. He must also get points for any gifts made in excess of the amount permitted by the last paragraph. (Such foods are not home processed foods, and they may be transferred only at their regular point value, as fixed by Revised Supplement No. 1 to this order, rather than at the point value of home processed foods.) For this purpose, he need not register as a processor or make reports, but must keep a record of any transfer he makes, showing the amount and date of the transfer, and the name and address of the person to whom the transfer is made. If he makes any transfers for points during any month, he

must give up the points to his board on or before the tenth day of the next month.

7. Section 26.5 (c) is amended by deleting the words "as a processor" from the next to the last sentence.

This amendment shall become effective October 25, 1943.

Sec. 29. *Appendix M: Maximum prices for stock millwork specialties.* The maximum prices for stock millwork specialties covered by this regulation, sold alone or with other millwork, in carload quantities, f. o. b. mill full freight allowed, shall be for each manufacturer, his individual highest net selling prices in effect in October 1941, for carload quantities sold to the same class of customer in the same

delivery zone, f. o. b. mill full freight allowed; increased by three percent.

If the manufacturer's customary method of pricing is to use a list and a discount sheet, he may shorten his discount by the number of half points which will most nearly approximate a three percent increase in the highest net selling price in effect in October 1941. If the manufacturer uses a net list price, the three percent increase in price shall be rounded off to the nearest five cents.

This amendment shall become effective October 26, 1943.

PART 1386—SOAPS AND GLYCERINES

[Commodity Practices Reg. 1,² Amdt. 2]

BAR OR PACKAGE SOAPS OR CLEANSERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Commodity Practices Regulation No. 1 is amended in the following respects:

1. Section 1386.1 (a) is amended by substituting the phrase "(b), (c), (d) and (e)" for the phrase "(b) and (c)."

2. Section 1386.1 (d) is added to read as follows:

(d) (1) Notwithstanding the provisions of paragraph (a) of this section, a manufacturer may make changes in the composition of a bar or package soap delivered or offered for current delivery by such manufacturer in any market area of the United States during the thirty day period ending July 17, 1942 if such changes are required by Food Distribution Order No. 86, as issued by the War Food Administration on October 18, 1943; *Provided, That:*

(i) Where the result of any such change is to reduce the weight of the total anhydrous soap content in a bar by more than one per cent, the cut weight of such bar shall be increased to

such an extent that the weight of its total anhydrous soap content is equal to at least 99 per cent of the weight of its total anhydrous soap content prior to the change.

(ii) Where the result of any such change is to reduce the weight of the total anhydrous soap content of a package by more than three per cent, the packed weight of such package shall be increased to such an extent that the weight of its total anhydrous soap content is equal to at least 97 per cent of the weight of its total anhydrous soap content prior to the change.

The maximum prices of a bar or package soap whose cut or packed weight is increased as provided above, as established under any applicable regulation issued by the Office of Price Administration, shall remain unchanged.

(2) Each manufacturer who changes the composition of a bar or package soap under the provisions of this paragraph (d) shall, prior to making delivery of any such changed bar or package soap, submit by registered mail to the Chemicals and Drugs Price Branch, Office of Price Administration in Washington, D. C., a report on the form set out in § 1386.9, or on a form copied therefrom, containing the applicable information required by that form.

A new report shall similarly be submitted whenever there is a subsequent change in the total anhydrous soap content or in the cut or packed weight of such bar or package soap.

3. Section 1386.1 (e) is added to read as follows:

(e) (1) A manufacturer need not increase the packed weight of a package soap to the extent required by paragraph (d) above if he can not do so without substantial hardship, and he fills such package to a packed weight at least as great as the packed weight prior to any changes under paragraph (d). Where the packed weight is less than the packed weight required by paragraph (d), however, his maximum prices and the maximum prices of all other sellers of such package soap, as established under any applicable regulation issued by the Office of Price Administration, shall be reduced in the same proportion as the packed weight is reduced from that required by paragraph (d). The resulting prices shall be computed to the nearest cent, except in the case of manufacturers, who shall compute their prices to the nearest tenth cent. Each seller who is required by any regulation issued by the Office of Price Administration to post the maximum price of such package soap shall change such posting to show the reduced maximum price.

The manufacturer of any package soap whose packed weight is adjusted under this subparagraph (1) shall firmly affix to each case of such package soap for a period of ninety days from the first delivery thereof at changed maximum price, in such manner as to be clearly visible to the purchaser, a notice containing the following:

(i) Statement that the case contains a size of the particular package soap different from the size (specify) generally delivered by the manufacturer prior to November 1, 1943.

(ii) A statement that each seller's maximum price for the new size, as established by the Office of Price Administration is _____ (specify) per cent less than the maximum price established for the size (specify) generally delivered by the manufacturer prior to November 1, 1943, and shall be figured to the nearest cent.

(iii) A statement that each seller who is required by any regulation issued by the Office of Price Administration to post the maximum price of such package soap shall change the posting to show the reduced maximum price.

(2) A manufacturer who has adjusted the packed weight of a package soap under paragraph (e) (1) above, shall, prior to making any delivery of the package soap at the adjusted weight, submit by registered mail to the Chemicals and Drugs Price Branch of the Office of Price Administration in Washington, D. C., a report on the form set out in § 1386.9, or on a form copied therefrom, containing the applicable information specified therein.

A new report shall similarly be submitted whenever there is a subsequent change in the total anhydrous soap content or packed weight of the package soap.

(3) After a manufacturer has adjusted the packed weight of a package soap so that maximum prices are required to be reduced under paragraph (e) (1) above, no further changes may be made in the total anhydrous soap content of such package soap except to increase such total anhydrous soap content to an amount equal to at least 97 percent by weight of the total anhydrous soap content prior to any changes therein under the provisions of paragraph (d). Where such an increase in total anhydrous soap content is made, the maximum prices of all sellers shall become the same as they were prior to the reduction made under the provisions of paragraph (e) (1).

Where the total anhydrous soap content of a package soap is increased as specified above, the manufacturer shall firmly affix to each case of such package soap for a period of ninety days from the first delivery at an increased maximum price, in such manner as to be clearly visible to a purchaser, a notice stating that resellers may increase their maximum prices for such package soap to their maximum prices for such package soap in effect on November 1, 1943.

4. Section 1386.9 is added to read as follows:

§ 1386.9 *Report form.* The following report form, OPA Form No. 692-541, copies of which may be obtained on application to the national, regional, or district offices of the Office of Price Administration, or a copy thereof, is to be used in making the reports required by § 1386.1.

*Copies may be obtained from the Office of Price Administration.

² 8 F.R. 12887.

deals with maximum prices on sales of used feathers and down. Feathers and down are considered "used" for the purposes of this section, if they have ever been incorporated into any article which has been used.

(b) *Used waterfowl feathers and down.* (1) In no case shall any used waterfowl feathers and down which have been reprocessed be sold for more than 80% of the ceiling price for the same mixture of new processed feathers and down fixed in Maximum Price Regulation No. 318 in the table in § 1433.3 or by the provisions of § 1433.4. Used waterfowl feathers and down are considered reprocessed if, since their last use, they have been well dusted, washed, dried, sterilized, and are free from objectionable odors and in all other respects meet the specifications for such feathers fixed by the War Procurement agencies of the United States Government.

(2) If, as to a particular mixture or any part of a mixture of such feathers and down, the country of origin or the type or size of the feathers and down is unknown, then the following rules shall be applied.

(i) If the country of origin is unknown then the feathers and down shall be deemed to contain domestic feathers and down.

(ii) If the type of waterfowl is unknown, then the feathers and down shall be deemed to be duck feathers and down.

(iii) If the size of the feathers cannot be determined, they shall be deemed to be 25% large and 75% small feathers of that type for that country of origin.

(3) If the used waterfowl feathers and down have not been reprocessed, then the maximum price shall be the maximum price of the same mixture computed under (b) (1) and (b) (2) of this section, less an amount equal to the cost of processing and less an amount proportionate to the loss in weight (shrinkage) resulting from reprocessing.

(c) *Used chicken and turkey feathers.*

(1) In no case shall any used chicken or turkey feathers which have been reprocessed be sold for more than 80% of the ceiling price for the same kind of new processed chicken and turkey feathers fixed in Maximum Price Regulation No. 318 in the table in § 1433.3 or by the provisions of § 1433.4. Used chicken and turkey feathers are considered reprocessed, if since their last use they have been well dusted, washed, dried, sterilized, recurred where possible, and are free from objectionable odors.

(2) If the used chicken and turkey feathers have not been reprocessed then in no case shall such chicken and turkey feathers sell for more than 80% of the ceiling price for the same kind of raw or crude chicken and turkey feathers fixed in Maximum Price Regulation No. 318 in the table in § 1433.3 or by the provisions of § 1433.4.

(d) A person who imports used feathers and down may not pay more for the feathers and down (including customs duties and all other costs of importation to the first port at which the feathers and down are landed) than the ceiling price for such feathers and down fixed by this section. This provision, however, does not apply to the importation of feathers and down for which contracts

have been entered into prior to the effective date of this amendment, provided that permission to import such feathers and down has been granted by the War Production Board on Form WPB 1041 (formerly PD 222C).

This Amendment No. 44 shall become effective on the 20th day of October 1943.

(2) The fact that aerial target practice is to take place over the designated areas will be advertised to the public through the usual media for the dissemination of information. Inasmuch as such practice is to be engaged in throughout the year, without regard to season, such advertising will be repeated at frequent intervals not exceeding three months and at more frequent intervals when, in the opinion of the Commanding Officer responsible for the use of the areas, such frequent repetition is advisable in the interest of public safety.

(3) Prior to conducting each target practice, the areas will be patrolled by Army air craft to insure that no watercraft are within the danger zones and any watercraft in the vicinity will be warned by means of signals that target practice is about to take place. The danger zone will be marked by buoys located at the four corners of the rectangular area.

(b) *The regulations.* (1) The danger zone is open to navigation except when naval operations are in progress, when no vessel or other craft shall enter or remain within this area.

(2) Since naval operations will take place in this area at frequent and irregular intervals throughout the year regardless of season, advance notice will be given of the date on which the first such operations will begin. At intervals of not

more than three months thereafter, notice will be sent out that operations are continuing. Such notices will appear in the local newspapers and in the "Notice to Mariners."

(3) Cut at Snow Shoe Bay, connecting Snow Shoe Bay and Lake Ontario at latitude 43°53'15" N. and longitude 76° 13'46" W.

(b) *The regulations.* (1) No vessel or other craft shall enter or remain within the area designated during the use of it for target practice.

(2) The fact that target practice will take place will be indicated by the displaying of a red flag from the flag-pole on the bluff on Stony Point.

(3) These regulations shall be enforced by the Captain of the Port and by the proper U. S. Army authorities.

tion be granted under section 6 of the Act to permit the award of contracts during the present war and for three months thereafter for orange marmalade without the inclusion of the representations and stipulations of the Public Contracts Act; and

Whereas, it appears that justice and public interest will be served by the granting of the exception on the basis of the findings of the Secretary of War,

Now, therefore, I do hereby grant an exception, pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. 35), permitting the award of contracts for orange marmalade during the period from this date to the termination of the present war, unless otherwise ordered, without the inclusion in such contracts of the representations and stipulations of section 1 of the Act.

Whereas, the Secretary of War has filed a request in writing that an exception be granted under section 6 of the Act to permit the award of contracts during that period for dehydrated rutabagas without the inclusion of the representations and stipulations of section 1 of the Act; and

Whereas, exceptions have been granted heretofore to permit the award of contracts through December 31, 1943 for certain varieties of canned and dehydrated fruits and vegetables without the inclusion of the representations and stipulations of section 1 of the Act; and

Whereas, the reasons for granting the aforementioned exception for certain varieties of canned and dehydrated fruits and vegetables are likewise operative with respect to the procurement of dehydrated rutabagas; and

Whereas, it appears that justice and public interest will be served by the granting of the exception on the basis of the findings of the Secretary of War,

Now, therefore, I do hereby grant an exception, pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. 35), permitting the award of contracts for dehydrated rutabagas during the period from this date through December 31, 1943, unless otherwise ordered, without the inclusion in such contracts

[Region III Order G-2 Under MPR 376]

WHOLESALE PRICES FOR CARROTS IN DESIGNATED STATES

Order No. G-2 under Maximum Price Regulation 376. Order adjusting maximum wholesale prices of carrots sold in Region III.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration, by section 4 of Maximum Price Regulation No. 376, it is hereby ordered:

(a) *What this order does.* This order establishes maximum wholesale prices

for sales of all kinds and varieties of carrots in carlot or trucklot, or in less than carlot or trucklot, quantities for all types of sales and levels of distribution except to individual ultimate consumers, in all wholesale markets of Region III, which includes the States of Indiana, (except the County of Lake), Kentucky, Michigan, Ohio, and West Virginia.

(b) *What Schedule A does.* Schedule A attached hereto and made a part hereof as though fully re-written provides the means of calculating, in accordance with the provisions hereof, dollars and cents maximum prices for sales of carrots for each type of sale and level of distribution except at the retail level. All terms not herein defined shall have the same meaning as provided in Maximum Price Regulation No. 376 as it now exists or may be amended. The maximum prices herein established shall be the only maximum prices for the sales covered except to the extent that any prices established by this order may be inconsistent with prices established by any community flat-pricing order issued under General Order No. 51 by any District Office, in which case the prices established by such community flat-pricing order shall be the effective maximum prices for such sale.

(c) *Carlot or trucklot sales at wholesale receiving points.* Carlot and trucklot sellers of carrots located at any wholesale receiving point in Region III, who sell in carlot or trucklot quantities to anyone except an individual ultimate consumer, shall compute a maximum selling price for carrots as provided in Schedule A, Item (a).

(d) *Sales in less than carlot or trucklot quantities by carlot and trucklot receivers.* Carlot and trucklot receivers of carrots located at any wholesale receiving point in Region III, who resell in less than carlot and trucklot quantities to anyone except an individual ultimate consumer shall compute a maximum selling price for carrots as provided in Schedule A, Item (b) (1), (2), (3) or (4), for the particular size container and type of sale.

Any such carlot or trucklot receiver may add, for sales of carrots in quantities of less than one-half the number of bunches in the original shipping container, the sum of $\frac{1}{2}$ cent per bunch to the price computed under Schedule A, Item (b) when sold to retail, hotel, restaurant and institutional users only.

(e) *Distributing wholesalers.* Sellers located at any wholesale receiving point in Region III, who purchase carrots in less than carlots and trucklots and who resell in less than carlots or trucklots to anyone other than an individual ultimate consumer, shall compute a maximum selling price for carrots as provided in Table A, Items (c) (1), (2) or (3). *Provided, however,* That to such computed maximum price a distributing wholesaler may, in an appropriate case, add "transportation" as hereinafter defined, from the carlot or trucklot receiver's wholesale receiving point to his own wholesale receiving point.

Any such distributing wholesaler may add, for sales of carrots in quantities of

less than one-half the number of bunches in the original shipping container, the sum of $\frac{1}{2}$ cent per bunch to the price computed under Table A, Items (c) (1), (2), and (3) when sold to retail, hotel, restaurant, and institutional users.

(f) *Sales by commission merchants.* The maximum selling price for a commission merchant making carlot or trucklot sales of carrots at a wholesale receiving point shall be the same maximum price as is applicable to carlot or trucklot sales of carrots at such wholesale receiving point.

The maximum selling price for a commission merchant making less than carlot or trucklot sales of carrots at a wholesale receiving point shall be the maximum price applicable to carlot or trucklot sales at such wholesale receiving point, plus either his usual commission or fee, or the mark-up provided in Schedule A, Item (b) for the particular size of container and type of sale, whichever is lower.

(g) *Geographical applicability.* The provisions of this order shall be applicable to all sales pursuant to which delivery is made at any point within the States of Indiana (except the County of Lake), Kentucky, Michigan, Ohio, and West Virginia.

(h) *Adjustment of maximum prices.*

(1) A distributing wholesaler who during the four month period from May 1, 1943, to August 31, 1943, purchased more than 65% of his total dollar volume of fresh produce from other distributing wholesalers may file an application with the appropriate District Office of the Office of Price Administration for a maximum price in excess of the maximum prices specified in Schedule A. Such an application shall contain the following information: (i) Name and address of the applicant, (ii) distributing wholesalers who were his major source of supply during the period from May 1, 1943, to August 31, 1943, and (iii) total dollar purchases of fresh produce during the period from May 1, 1943, to August 31, 1943, and percentage of this volume purchased from other distributing wholesalers.

Each District Office is hereby authorized to approve or disapprove such applications. If such application is approved, the applicant shall be notified, in writing, of the maximum price he may charge. Such authorization may be modified, amended or revoked at any time. Furthermore, the applicant must notify the appropriate District Office should his total purchases from other distributing wholesalers become less than 65% of his total dollar volume during any four month period.

(2) A distributing wholesaler may add to the maximum prices, herein established, a charge for delivery outside his customary free delivery zone upon showing that the contemplated delivery charge is not in excess of the lowest available transportation rate for a like method of shipment, and upon filing an application with the appropriate District Office of the Office of Price Administration containing the following information: (i) a schedule of the delivery charges which it desires to institute to specific localities; (ii) the lowest avail-

able transportation rate for a like method of shipment to these localities; (iii) a statement of his customary selling practice with reference to deliveries in these localities.

The seller may add such delivery charge upon the filing of his application and may consider his application approved fifteen days after filing, unless he has been notified to the contrary within that time. Such charge for delivery must be separately stated on any invoice or sales slip in connection with the sale of carrots. The appropriate District Office of the Regional Office may at any time revoke the privilege of charging for deliveries outside the seller's free delivery zone.

(i) **Definitions**—(1) **Freight**. (i) If a shipment is by a common carrier whose maximum rates and charges are regulated by the Interstate Commerce Commission or other Federal or State Regulatory body, the amount actually paid to the carrier in conformance with its lawfully established rates and charges excluding charges for pre-cooling, icing, and other protective services. Allowances for these services are included in the basing point prices. The amount of the transportation tax imposed by section 620 of the Revenue Act of 1942 may be added.

(ii) If a shipment is by a carrier for hire other than a common carrier (such as a contract carrier) the amount actually paid to the carrier excluding charges for pre-cooling, icing, and other protective services, but not in excess of the maximum charges as determined by the General Maximum Price Regulation,

amendments and supplementary regulations thereto, or such other regulations as the Office of Price Administration as may be applicable to the services of such carrier at the time of movement, the amount of transportation tax imposed by section 620 of the Revenue Act of 1942 may be added.

(iii) If a shipment is by a carrier other than described in (i) and (ii) above, (such as unregulated common carrier or a private carrier) the amount actually paid to the carrier excluding charges for pre-cooling, icing, and other protective services, but not in excess of an amount computed by applying to the actual weight of the shipment, the lowest published rail carload rates between the rail stations nearest to the points of origin and destination. If the shipment is less than 20,000 pounds an additional charge of 2¢ per 100 pounds may be made provided that the total charge for a shipment of less than 20,000 pounds shall not exceed the charge for a shipment of 20,000 pounds. The amount of the transportation tax imposed by section 620 of the Revenue Act of 1942 may be added if the shipment is subject to that tax.

(2) **Transportation** for delivery outside the carlot or trucklot receiver's customary free delivery zone, shall mean the actual transportation costs from such carlot or trucklot receiver's shipping point to the buyer's customary receiving point, but not to exceed the lowest common or contract carrier charge for a like method of shipment, or to be less than 10¢ per standard shipping crate. Except as the same may be included in the above permitted minimum, "transportation" shall not include any charge for local hauling or draying or for handling

at either point of shipment or destination.

(3) **Carlot and trucklot receivers** as used in this order mean those sellers who purchase a carlot or trucklot of carrots for resale in less than carlot or trucklot quantities. A seller is a carlot or trucklot receiver from only those carrots purchased in carlots or trucklots. A carlot or trucklot of carrots shall include a mixed car or truck (that is, a car or truck, composed of more than one item of produce destined for one or more purchasers) and a pool car or truck (that is, a car or truck containing carrots owned by more than one seller or sold to more than one purchaser).

(4) **Distributing wholesaler** means a seller who purchases carrots in less than carlots or trucklots and who sells in less than carlot or trucklot quantities. A seller is a distributing wholesaler for only those carrots purchased in less than carlots or trucklots.

(5) **Wholesale receiving point** means any place at which a carlot or trucklot receiver or a distributing wholesaler receives fresh fruits and vegetables.

(j) To the extent applicable, the provisions of this order shall supersede Maximum Price Regulation No. 376.

(k) This order may be modified, amended, or revoked at any time by the Office of Price Administration.

This order shall become effective October 16, 1943.

Pursuant to the Emergency Price Control Act of 1942 as Amended, and § 1340.259 (a) (1) of revised Maximum Price Regulation No. 122, and for the reasons set forth in an opinion issued simultaneously herewith, *It is hereby ordered:*

(a) *Geographical applicability.* This order shall apply to all of the area contained within the municipal boundaries of the cities of Florence and Canon City, Colorado, and the area contained within a five mile strip on either side of Highway 50 from the east line of Fremont County to a point 5 miles beyond the west boundary of Canon City, Colorado. The above described area is referred to herein as the Canon City-Florence Trade Area.

(b) *What this order does.* If you are a dealer in bituminous coal, you will find set forth in this order the maximum prices which you may charge for sales and deliveries made by you from your place of business in the Canon City-Florence Trade Area.

(c) *To what sales this order applies.* If you sell coal of the kind specified herein and make delivery thereof to any person within the Canon City-Florence Trade Area, the maximum prices which you may charge therefor and the customary discounts and allowances which you must give are those set forth in this order.

(d) *Specific maximum delivered prices.* (1) If you sell and deliver coal direct from your supplier to consumers in the Canon City-Florence Trade Area

in any one or more of the kind and sizes named in Part 1 of Table I set forth below, your maximum prices therefor are those specified in Part 1 of Table I; if you transport coal from your supplier to

(2) *Service charges incidental to delivery.* If delivery is made to a place where the physical conditions will not permit unloading direct from truck into storage bin or other receiving place, or if it is necessary to pull the coal back in the bin or otherwise rehandle the same in order to complete delivery, an additional charge for such service may be made, not, however, to exceed the charge customarily made for such service during the month of December 1941; and such service charge shall be separately stated on the invoice or sales slip covering the transaction.

(e) *Determination of mixed coals prices.* If you sell one size, or one kind of bituminous coal mixed with another size or kind of bituminous coal, your maximum price shall be the proportionate sum of the applicable maximum prices per net ton established in this order for each of the coals so mixed adjusted to the nearest five cents.

(f) *When transportation tax may be collected.* If on any purchase of coal made by you you are required to pay the transportation tax imposed by section 620 of the Revenue Act of 1942, you may, in addition to the specific maximum prices established in subparagraph (1) of paragraph (d) hereof, collect from the buyer the amount of such tax actually incurred and paid by you, or an amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased, provided you state separately on your sales invoice, slip, ticket or other memorandum, the amount of such tax so collected by you.

(g) *Applicability of other regulations.* Except as inconsistent with or contradictory of the terms and provisions of this order, all of the terms and provisions of Revised Maximum Price Regulation No. 122, except paragraph (c) of § 1340.262 thereof, as stated in paragraph (h) of this order, shall apply to all dealers selling and delivering coal in the Canon City-Florence Trade Area with like force and effect as though the same were rewritten herein. If you sell solid fuel of a kind or size not specifically priced by this order, all such sales and deliveries remain subject to the provisions of Revised Maximum Price Regulation No. 122 and orders issued thereunder.

(h) *Filing requirements.* Dealers whose prices are established by this order shall not be required to file prices with their Local War Price and Rationing Board as previously required in § 1340.262 (c). However, prices for coals not specifically covered by this order shall be filed as required by that section.

(i) *What you must not do.* Regardless of any contract or other obligation which you may have heretofore entered into you shall not:

(1) Sell, or in the course of trade or business, buy bituminous coal of the kinds and sizes covered by this order at prices higher than the maximum prices set forth herein; but you may sell or buy such coal at lower prices than such maximum prices.

(2) Obtain any prices higher than the applicable maximum prices by: (i) Changing or withdrawing your customary discounts, differentials or allowances; (ii) charging for any service which is not expressly requested by the buyers; or (iii) charging for any service for which a charge is not specifically authorized by this order; or (iv) charging a price for any service higher than the price authorized by this order for such service; or (v) increasing your delivery charges, if any, for delivery outside the Canon City-Florence Trade Area, or increasing any interest rate on delinquent and past-due accounts over the rate or charge made by you in December, 1941; or (vi) using any tying agreement whereby the buyer is required or persuaded to purchase anything other than the fuel requested by him; or (vii) using any other device by which a price higher than your maximum price is obtained either directly or indirectly.

(j) *An increase in your supplier's prices does not authorize you to increase your prices.* You must not increase the specific maximum prices established for you by this order to reflect in whole or in part any subsequent increase to you in your supplier's maximum prices for the fuel covered by this order. These specific maximum prices established for you by this order reflect all of the increases in the maximum prices of your supplier to the date hereof. If increase in your supplier's maximum prices shall occur after the effective date of this order, you may bring that fact to the attention of the Regional Administrator, whereupon

he will take such appropriate action in the premises as the then existing facts and circumstances justify.

(k) *Adjustable pricing.* You may not make a price adjustable to a maximum price which becomes effective at some time after you have made delivery of the coal; but you may agree to sell at whatever maximum price is in effect at the time of delivery.

(l) *Petition for amendment.* If you desire an amendment of any provisions of this order, you may file a petition therefor in accordance with the provisions of Revised Procedural Regulation No. 1, except that it shall be filed with the Regional Administrator and acted upon by him.

(m) *Right to revoke or amend.* This order may be revoked, modified or amended at any time by the Price Administrator or the Regional Administrator.

(n) *Definitions.* (1) "Delivery" means to the buyer's bin or storage space by dumping, chuting, or shovelling directly from the seller's truck or vehicle, or where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck.

(2) "Dealer" means any person selling bituminous coal of any kind or size for which a maximum price is established by this order for sales and deliveries made in the area covered herein and does not include transactions whereby a producer or distributor makes a sale at or from a mine or preparation plant operated as an adjunct of a mine.
